DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

Claims 10 and 11 have been amended to depend from **claim 1**.

Allowable Subject Matter

Claims 1, 2, 5-16, and 18-32 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reason for the indication of allowable subject matter in this case is the inclusion of: a ski having a bent plate located adjacent to a location where bindings are attached to the ski, where the bent plate extends outwards and downwards from a first lateral side of the ski forming an outrigger, where the bottom edge of the outrigger is spaced above a bottom edge of the ski, in combination with the other elements recited, not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
